

The bad weather won't stop the students in 'The Vale' from exercising!

As you know the weather can sometimes keep us inside at lunchtime especially during winter months. Here at 'The Vale' we are not allowing the weather to interfere with our physical activity. When it is lashing rain or snowing heavily and it is just not possible to go outdoors, we exercise by doing some physical activity in the classroom. Below are second class dancing and moving to rhyming words in their classroom.
