

Rang a 4-Term 2

During term 2 we explored aspects of the lives of the Vikings, examining their homes, clothes, crafts and trade. The history of our own school 'The Vale' was another very interesting topic and we incorporated these topics into our writing and artwork.

The children have completed some beautiful artwork during the term, including our flower weave pictures and their lovely clay pots.

In English we examined persuasive writing, during which the children enthusiastically debated for longer weekends! We also looked at writing to socialise and we enjoyed listening to our formal letters of complaint.
