

Smiles During 'The Daily Mile'

We are now taking part in 'The Daily Mile'. First of all, 5th class measured the yard and later informed all of the classes about the distance of the yard.

Then it was time to take on 'The Daily Mile' challenge!!! Some people prefer to jog and others like to walk. It doesn't matter once everyone is on the move.

Some classes are even collaborating together during the mile. Mrs. Purcell has the music pumping during 4th class' daily mile.

Most importantly, there are lots of smiles during 'The Daily Mile'.
